

I ask that this proposile for a the change of LPFM not be started. I am a financial supporter of KLove which uses these translator services. I listen to K-LOVE in my local community and don't feel that this programing should be replaced by other programming that might only benifit a smaller minority of listners. This station KLOVE broadcasts uplifting christian programs which help thousands of people every day and certainly help me. Thgank you, Patrick Sutton
